

National Alternative Fuel Vehicle Day Odyssey

**Showcasing alternative transportation technologies—
a pathway to energy independence!**

October 4, 2008

Odyssey, to be held at the Texas Township Campus of Kalamazoo Valley Community College, will feature presentations on alternative fuels and energy, environmental impact, the economics of freeing the nation from dependence on foreign oil, and legislation and policy making that could promote the cause of alternative energy technologies in transportation.

- **AFV & Energy Seminars**
- **Hybrid Vehicles**
- **Drive & Ride**
- **Door prizes**
- **Energy Demonstrations**
- **and more!**

KVCC's Texas Township Campus ■ 9 a.m. to 4 p.m.
